YASH INSTITUTE OF PHARMACY,
AURANGABAD

AURANGABAD, MAHARASHTRA

AND

MARATHWADA ACCELERATOR
FOR GROWTH AND INCUBATION
COUNCIL (MAGIC)

AURANGABAD

MEMORANDUM OF ASSOCIATION
FOR INCUBATION AND START UP COLLABORATION
BETWEEN
YASH INSTITUTE OF PHARMACY, AURANGABAD
AURANGABAD, MAHARASHTRA

AND
MARATHWADA ACCELERATOR FOR GROWTH AND INCUBATION COUNCIL (MAGIC)
AURANGABAD

Whereas Yash Institute of Pharmacy is an educational institute established in the year 2004 with approval of Pharmacy Council of India, Government of Maharashtra and is presently conducting B. Pharm course with intake capacity of 60 students/year. The Institute is having permanent affiliation with Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. The Institute is planning to start Post Graduate Course in Pharmacy and Research Centre in Pharmacy in near future. Institute wishes to collaborate with premier Institutions/Industries in academic activities, research, faculty coordination's, organizing seminars, workshops, conferences etc.

Whereas

Marathwada Accelerator for Growth and Incubation Council (MAGIC) Aurangabad is Business Incubator (BI), Recognized by Maharashtra State Innovation Society (MSInS), Government of Maharashtra. MAGIC is also approved Host Institute/Business Incubator under Scheme to Support Entrepreneurial and Managerial Development of MSMEs through Incubators, Ministry of MSME, Govt, of India for supporting Startups and Accelerating Growth of Small and Medium Enterprises (SME's) in Marathwada Region of Maharashtra State.

Chamber of Marathwada Industries and Agriculture (CMIA) is the apex body of industries, representing Small, Medium, Large and MNC's in the eight revenue districts of Marathwada Region of Maharashtra State and has established a Special Purpose Vehicle (SPV) Marathwada Accelerator for Growth and Incubation Council (MAGIC) Aurangabad. MAGIC aims to support and acts as catalyst in the establishment of early stage Startups by Mentoring and Facilitating Entrepreneurs, to convert their innovative ideas into commercially viable enterprises.

The main objective of MAGIC is to promoting Innovation promoting Startup Eco-system in Marathwada Region and mentoring and nurturing Startups.

Whereas the above named Institutions recognize that academic collaboration would be of mutual benefit and would strengthen mutual interest; thus it is agreed upon:

1. Each Institution will associate in organizing and promoting seminar, conference, workshop in areas of Innovation and startups. MAGIC may handhold any startup activity arising from College.
2. In the event of any host Institutions receiving any grants/aids for conduct of seminar/conference/workshop/internship program/training program/faculty development program, host institution shall maintain all records pertaining to aid, disbursement, and record keeping.
3. Faculty exchange program / Intellect sharing may be done either in online or offline mode. Each Institution shall conduct such program/events with mutual consent and at such date and time consented by respective head of Institution.
4. This memorandum of agreement will become effective on the final date of signing and will have duration of five years.
5. Termination of this memorandum of agreement by either Institution with written notice of the head of Institution with at least six months duration.
6. Each Institution designates respective officials to serve as coordinators under this Memorandum of Agreement. Coordinators can be revised as and when the need arises with written information being provided to other Institution.

EVENT REPORT

1. Event details:

Event Title:	Museum Display competition
Cell:	Incubation cell
Date of Event:	26/01/2020
Event I/C:	Kulkarni D.M.
Venue:	College museum display
Number of Participants	68

2. Brief proceeding of the event:

Museum Display competition was started at 10:00 a.m. in college campus. Alumni of college were present as guest of honour for the event. Mrs. Maithili Indargi, Director Galen Pharma, Mumbai and Mr. Yusuf Hawaldar, Group Product Manager, Ajanta International, Mumbai were judges of the competition.

Honourable Principal Dr. S.S.Angadi sir officially inaugurated the event by ribbon cutting, followed by the interactive session of museum display representing students with judges and other guests of honour. Judges were offered suggestions, corrections to the students. They also encouraged students by motivating them for the preparation of active working 3D models of some of their representation.

Winner of the event was first year students Mr. Ravi Nawale and Mr. Rushikesh Dasre who were guided by Ms. Suwarna H. Kale madam. Theme of the display museum was "3 D Models of Organic compounds and representative Function groups." Various hybridization states of Carbon, Torsional Strain experienced by the aromatic ring was nicely explained by the students.

Runner up of the Museum Display competition was first year and second year students Ms. Prachi Shelke Ms. Ayushi Kanhed respectively. They were guided by Ms. Mayuri A. Patil Madam. Theme of the display museum was "Cosmetics used from Ancient to Modern Era" Presentation of the students was quite impressive. They explained hoe turmeric is still in use but in different forms.

All the winners and runner up students along with their in charge teacher were facilitated by offering a book by honourable Principal Dr. S.S.Angadi sir and respected Academic incharge Dr V.P.Patil madam.

Subject: Your crowd funding proposal titled “Design and fabrication of rotating cylinder viscometer” Project Code PY-220306 dated 06/03/2022.

Applicants: Mr. Ashutosh Gharte, Ms. Pooja Gorde, Ms. Aditi Hiwale, Ms. Kiran Hiwarde, Mr. Ashutosh Gawai.

Respected Sir,

With reference to your captioned proposal submitted by your Department / Center / College for crowd funding support under the shodhgrants.com portal, I am pleased to inform you that the proposal has been favorably recommended for crowd funding support by shodhgrants.com based on recommendation by Expert Committee Meeting dated 6th February 2022. The proposal is now live on our shodhgrants.com portal. The link to the page containing said proposal is as follows:

<https://shodhgrants.com/product/design-and-fabrication-of-rotating-cylinder-viscometer/>

We are pleased to inform that as on 2nd June 2022, a crowd funding contribution of Rs. 2,450.00/- (Rupees two thousand four hundred and fifty only) has been collected against the approved crowd funding target of Rs. 13,000.00/- (Rupees thirteen thousand only). The applicants may apply for disbursement of the said amount from your shodhgrants.com dashboard within next 15 days.

This is to remind you that as per crowdfunding agreement to which your organization is a signatory, the applicants must maintain accounts and original GST invoices of purchases and expenses made from the crowdfunding grant amount. All subsequent fund disbursement applications must be supported with scanned copies of the said receipts.

Regards

Rohith Dasgupta

 Edit story

I am Gajanan Vaishnav and I am a professor. My students and me are doing a project on Preparation Of Tea Bag Dosage Form From Carica Papaya Leaf Powder for it's medicinal purpose.

Carica papaya, a popular Indian traditional herbal medicine is commonly administered for treatment of Dengue fever. However, clinical trials proving it safety and efficacy are lacking mainly due to the absence of good quality dosage forms and credible placebos for the plant. The objectives of this study are to prepare a standardized preparation of the plant leaves and freeze-dried aqueous extract powder of the leaves, in a tea bag dosage form and to design and prepare credible placebos for these plant materials.

Development Of Anticancer Agents As A Project

Story [Edit story](#)

Curcumin is a yellow polyphenolic compound found in *Curcuma longa Linn (Haldi)*. It has wound healing, anticancer and antioxidant properties. However, use of curcumin as anticancer agent has been limited by its low absorption and low bioavailability. It has been found that complexing curcumin with phospholipids can increase its bioavailability. However, the procedure is expensive, tedious and not environment friendly. We want to develop a fast and cost effective microwave based method to incorporate curcumin in phospholipids. The invention will improve delivery of curcumin to cancer cells in patients suffering from cancer. I am a Associate Professor in Pharmaceutical Chemistry at Yash Institute of Pharmacy Aurangabad, Maharashtra, India. Me and my students are working on this project and we need funds to keep going on the project.

Letter of undertaking for fund utilisation

I **Sushama Vaishnav** understand & acknowledge that fundraiser **curcuminliposomes** is benefitting **Sushama Vaishnav**.

I hereby request the transfer of a sum of ₹ 10,000 to the **Yash Institute of Pharmacy's** account

I confirm, the funds withdrawn will be used for the below mentioned cause and expenses related to it.

I confirm, I would also periodically provide information on utilisation of funds via posting updates on the campaign.

On behalf of the beneficiary, I take sole responsibility for utilization of funds and indemnify Milaap from the same.

Describe why can't you arrange documents

I agree to these terms & conditions
