Report on Student's Satisfaction Survey

For the NAAC AQAR 2023-24, a Student Satisfaction Survey (SSS) was conducted through a Google form to gather feedback from students. The questionnaire, structured as per NAAC guidelines and used Likert type scale ranging from 0 to 5, with 5 indicating the most positive response and 0 the lowest. Out of 22 questions, 21 were objective addressing different aspects of teaching-learning process, while one was open-ended, allowing students to share their observations and suggestions for improvement.

The question-wise outcome of the results is presented below:

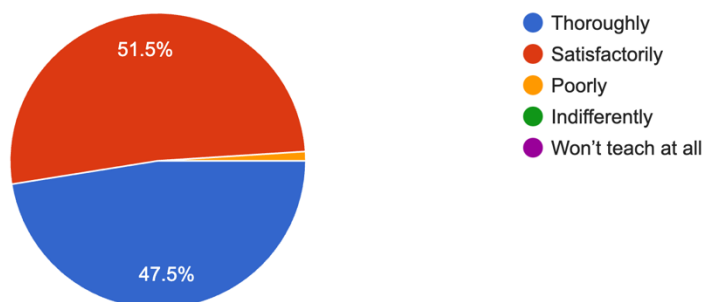

1. How much of the syllabus was covered in the class?

99 responses

2. How well did the teachers prepare for the classes?

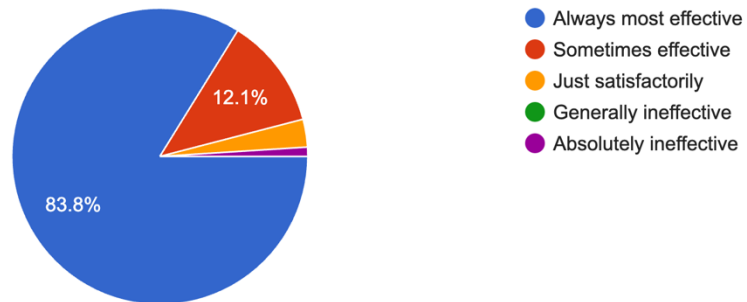

99 responses

STUDENT SATISFACTION SURVEY

99 responses

STUDENT SATISFACTION SURVEY

Conclusion:

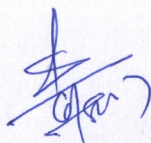

The findings from the Student Satisfaction Survey reveal an overwhelmingly positive response regarding the institution's teaching-learning process, student support, and facilities. The majority of respondents expressed satisfaction with the syllabus coverage, teacher preparation, and their ability to effectively communicate domain knowledge. Students highlighted the fair evaluation practices, opportunities for internships, and the institution's focus on soft and life skills as key strengths.

While the feedback underlines the excellence of teaching and supportive faculty, suggestions such as enhancing practical exposure, maintaining and improving lab facilities, and fostering active student engagement in learning processes were noted.

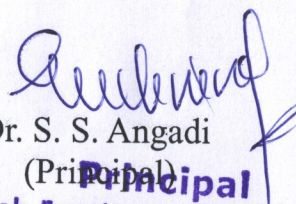

Overall, the institution is performing admirably in meeting student expectations and ensuring a conducive learning environment.
