**2. Brief description of the activity conducted:**

The IIC 6.0 started from 1<sup>st</sup> September. One-day workshop on "Entrepreneurship and Innovation as Career Opportunities," was organized as IIC Calendar activity for Third and Final year students. Third year student Mr.Tushar Sanjay Kshirsagar host the event , followed by introduction of guest by Mr. Rahul Sharma, from third year. Professor Dr.Vandana Patil Madam welcomed guest of honor on behalf of management and college. By offering book and sapling.

IIC convener Mrs. Dipali Kulkarni described agenda for the day to students. Along with objectives and outcome expected from the workshop. She claimed that this workshop is not just about sharing knowledge; it's about sparking creativity, fostering collaboration, and encouraging you to think outside the box. We want you to leave here with a renewed passion for entrepreneurship and innovation, armed with the tools and knowledge to turn your ideas into impactful ventures.

Guest speaker Dr. Sunil Sahuji, discussed entrepreneurship was not just about starting your own business. It was also about being innovative and finding new ways to solve problems. Any instrument can be enhanced by using various applications AI to improve function reduce time enhance utility. There was no one-size-fits-all approach to entrepreneurship. The best way to start was to identify a problem that you are passionate about solving and then develop a solution that people are willing to pay for. Funds management was the prime cause of startup collapse

Stages of innovation were also deliberated by the Sahuji sir which are Ideation, prototype, testing and validation, iterations, implementation respectively. Iteration is corrections suggested after use. Design thinking does not require special education, training but it all needs keen observation

It was important to do your research and understand the market before you start a business. You also need to have a clear business plan and a strategy for financing your startup.

Failure is a part of the entrepreneurial journey. The important thing is to learn from your mistakes and keep moving forward.

The workshop provided students and faculty members with a valuable opportunity to learn about the different career opportunities in innovation and the skills and knowledge required for success. The workshop also highlighted the importance of diversity and inclusion in innovation, and how different perspectives can lead to more creative and innovative solutions.

Some of the Challenges in innovation, were also enlighten by the speaker like Resistance to change, Lack of resources, Fear of failure. He also informed some of the success stories of innovations, out of box thinking's to students

Students were awarded Feedback from Attendees:

"The workshop was very informative and inspiring. I learned a lot about the different career opportunities in innovation and the skills and knowledge required for success. I'm now more motivated than ever to pursue a career in this field." Said by Student

"The speakers were both excellent. They shared their own personal experiences and insights in a very engaging way. I especially appreciated the Q&A session, where I was able to get specific answers to my questions. Overall, the workshop was a great experience." Claimed by Faculty Member

**4. Outcome:**

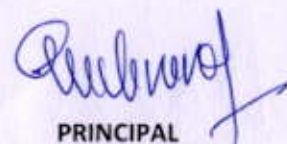

After successful completion of workshop participants were imparted with interpersonal skills & Entrepreneurship mindset. Students were aware about exhibition of practical entrepreneurial skills & knowledge. Participants were assured about observational, critical & creative thinking skills.

Target audience:	Faculty
No. of participants:	Faculty: 15

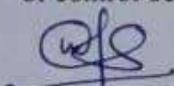

**2. Brief description of the activity conducted:**

Institution's Innovation council in collaboration with MAGIC conducted GETT General Enterprising Tendency Test for faculty members.

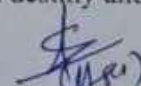

This is an initiative taken under the NISP policy of the college. This is a psychological assessment tool designed to measure an individual's entrepreneurial potential and their inclination toward business ventures. This test is used to assess a person's enterprising traits and characteristics, which can be valuable in entrepreneurial and business settings.

The test was first explained and then run by Shri Nikhil Kulkarni, Joint Chief Executive Officer MAGIC who is a well-known personality for his groundbreaking innovations. He shared his experiences and insights into how creative problem-solving and ideation had played pivotal roles in successful start-up.

He further explained the test typically consists of a series of questions or scenarios that assess various aspects related to entrepreneurial tendencies, such as risk-taking propensity, innovativeness, and a preference for business opportunities. Respondents answer these questions, and the results provide insights into their entrepreneurial aptitude. The key entrepreneurial characteristics identified include: strong motivation, characterized by a high need for achievement and for autonomy; creative tendency; calculated risk-taking; and an internal locus of control belief you have control over own destiny and make your own 'luck'.

GETT is a self-assessment test which aims to give you an idea of your enterprising potential. It is a reflective tool that allows you to consider if there are areas that you could develop more through education, training or experience.

**3. Impact of the activity (Outcomes for staff):**

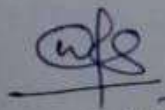

After successful completion of GETT General Enterprising Tendency Test participants were aware about measurement of five entrepreneurial attributes, namely Need for achievement, need for Autonomy, Creative Tendency, Calculated Risk taking and Locus of control, providing interpretation for this enterprising attributes.

Being enterprising and entrepreneurial involves spotting an unexploited opportunity and making the most of it: essentially, identifying a gap in the market and filling it. However, it can also be about trying something new or improving a process to increase efficiency or boost results.

## **PREAMBLE**

This MoU, dated 14-July-2023, outlines collaborative efforts between YIP and SOPL to foster industry-academic interaction, advance research and development, and promote student and faculty training.

## **1. OBJECTIVES**

- 1.1 Establish a framework for collaborative research, faculty and student exchanges, and industrial training for students and faculty.
- 1.2 Jointly promote research in pharmaceutical sciences and allied fields.
- 1.3 Provide YIP students with practical exposure through internships, fieldwork, field trips and projects at SOPL.
- 1.4 Organize faculty development programs to strengthen academic and industrial knowledge.
- 1.5 Align academic outcomes with industry standards.

## **2. SCOPE OF COLLABORATION**

- 2.1 **Research Collaboration:** Conduct joint projects in pharmaceutical sciences, focusing on quality assurance, product development, and compliance.
- 2.2 **Student Internships and Training:** SOPL will offer internships and on-job training to YIP students for practical skill development.
- 2.3 **Field Trips and Project Supervision:** Facilitate YIP student visits and project supervision at SOPL as per mutual agreement.
- 2.4 **Faculty Development:** Organize training sessions, workshops, and guest lectures with SOPL's support.
- 2.5 **Knowledge and Resource Exchange:** SOPL may share resources for academic activities, including curriculum support and access to research facilities.

## **3. ROLES AND RESPONSIBILITIES**

### **3.1 Yash Institute of Pharmacy (YIP)**

- a) Coordinate and schedule internships, field trips, and projects with SOPL.
- b) Ensure that students meet SOPL's prerequisites for training and project involvement.
- c) Regularly update SOPL on the progress of collaborative research and related activities.

### **3.2 Shalini Organics Private Limited (SOPL)**

- a) Provide mentorship, facilities, and guidance for YIP students in internships and projects.
- b) Assign a coordinator for collaboration activities to facilitate effective communication.
- c) Support YIP in organizing industry-relevant seminars, workshops, and guest lectures.

## **4. TERMS AND CONDITIONS**

**4.1 Duration:** This MoU is valid for five (5) years from the signing date, with a provision for renewal by mutual consent.

**4.2 Intellectual Property Rights (IPR):** IPR related to joint research shall be agreed upon on a case-by-case basis. SOPL retains rights to all proprietary knowledge developed solely by it, while joint ownership of inventions developed collaboratively will be established as per mutual agreement.

**4.3 Confidentiality:** Both parties agree to maintain confidentiality for all information shared under this MoU, barring disclosures required by law.

**4.4 Non-Binding Nature:** This MoU is a non-binding agreement outlining the intent to collaborate, except where stated explicitly.

**4.5 Financials:** Each party shall bear its own costs unless otherwise agreed upon in writing.

**4.6 Amendment and Termination:** Any amendments to this MoU require written consent from both parties. Either party may terminate the MoU with a 30-day notice.

## **5. GENERAL PROVISIONS**

**5.1 Dispute Resolution:** Disputes arising from this MoU shall be resolved amicably. Unresolved disputes are subject to the jurisdiction of the courts in Chhatrapati Sambhajnagar, Maharashtra.

**5.2 Governing Law:** This MoU is governed by the law of India.
