**2. Brief description of the activity conducted:**

The Industry Institute Partnership Cell, in collaboration with the Ministry of Labour & Employment, Government of India, organized an event for third- and final-year B.Pharmacy students on the topic "Career Path Through NCS Portal & Investor Awareness Program." The event was skillfully hosted by Mr. Tushar Khirsagar, who ensured seamless coordination and kept the audience actively engaged throughout.

The guest speaker for the session was Dr. Anil Jadhav, Counselor for the Ministry of Labour & Employment, Government of India. Mr. Tushar Khirsagar introduced Dr. Jadhav with a warm and thoughtful introduction, following which the guest speaker was honored with a book as a token of appreciation for his valuable contribution. This gesture was presented by the honourable Principal, Dr. S.S. Angadi.

Dr. Jadhav delivered an insightful and engaging talk, emphasizing the significance of career planning and highlighting the various opportunities available through the NCS (National Career Service) platform, leaving the students inspired and well-informed. The session began with a detailed demonstration of the registration processes for two key portals: the NCS Portal ([www.ncs.gov.in](http://www.ncs.gov.in)), which provides central government employment-related services, and the Mahaswayam Portal ([mahaswayam.gov.in](http://mahaswayam.gov.in)), a state-level platform for employment opportunities in Maharashtra. Participants were guided step-by-step on creating profiles, with live support provided to address queries and challenges during registration.

### ACTIVITY REPORT

CMF-ACT-F002/V01/W.e.f.: 01-January-2022

The event also featured an in-depth session on career guidance and building a structured, goal-oriented career path. Topics included career options in both the private and government sectors, the importance of continuous learning, and strategies for skill development to enhance employability. This was followed by an engaging discussion on skill development programs, highlighting training and upskilling initiatives offered by the Ministry of Labour and Employment (MoLE) in partnership with leading multinational corporations like Microsoft, TCS, and TCS iON. These programs focused on industry-relevant skill-building courses and bridging the gap between education and employment.

The Self-Employment and Entrepreneurship Development Program explored entrepreneurial opportunities and government-backed self-employment schemes. Participants received guidance on starting small businesses or ventures and were inspired by examples of successful entrepreneurs who had benefited from similar initiatives. Additionally, an Investor Awareness Program sponsored by regulatory bodies under the Government of India provided essential financial literacy tips. This session covered the basics of financial planning, smart investment strategies, regulatory frameworks for safeguarding investments, and real-life examples of prudent financial decision-making.

The session concluded with a discussion on upcoming campus drives and mega job fairs hosted on the NCS platform. Students were briefed on how to prepare effectively for these opportunities, including tips on resume building and interview preparation, ensuring they were well-equipped to make the most of the employment opportunities presented.

Participants were engaged actively during the Q&A sessions, clarifying doubts and discussing practical applications of the services introduced.

#### 3. Impact of the activity (Outcomes for students and/or staff):

Increased awareness among students about career-building opportunities.  
Enhanced student registrations on the NCS and Mahaswayam portals.  
Students gained insight into career planning, skill development, and self-employment venues.  
Improved understanding of financial literacy and investor responsibilities.
