#### **PUBLIC NOTICE: INSTITUTIONAL ROUND ADMISSIONS 2026-27**

#### **Admission to Vacant Seats After CAP Rounds (Direct Second Year B. Pharmacy)**

Applications are invited from eligible and aspiring candidates for admission against the seats remaining vacant after the completion of all Centralised Admission Process (CAP) rounds conducted by the **State Common Entrance Test Cell, Maharashtra** for the Academic Year 2026-27.

This institutional admission process is being conducted in strict compliance with the directives, schedules; and regulations issued by the CET Cell, Maharashtra.

#### **1. Core Principles of Allotment (As per Rule 13)**

- **Merit-Based Admissions Only:** As per **Rule 13** of the official Information Brochure, all vacant seats will be filled strictly on the basis of the **Inter-se Merit** of the eligible candidates who apply.
- **Zero Arbitrary Allocation:** The institute will not allot seats arbitrarily. The merit list will be drafted considering only valid applications that match the official list of registered candidates provided by the CET Cell.
- **Reservation Category Protocol:** Any seat remaining vacant after the CAP rounds will first be made available to candidates belonging to the same category for which it was originally earmarked. If no candidate from that specific category is available, it will be filled based on general inter-se merit as per state regulations.

#### **2. Application Procedure**

Eligible candidates can apply for the Institutional Vacancy Round using either of the following two official pathways:

1. **Direct Campus Application:** Visit the college admission cell in person to collect, fill out, and submit the physical application form along with the necessary document copies.
2. **Online Portal Login:** Submit the **Institutional-level Option Form** directly by logging into your candidate profile on the official CAP portal.

*Note: Only candidates who have already registered on the CET portal and successfully completed their document verification (E-Scrutiny or Physical Scrutiny) are eligible to participate.*

### 3. Schedule & Transparency

- **Seat Matrix Visibility:** The detailed branch-wise and category-wise vacant seat matrix will be prominently displayed on the institute's notice board and official website immediately upon the conclusion of the final CAP round reporting phase.
- **Merit List Publication:** Upon receiving and processing applications, the college will generate and transparently display the **Institutional-Level Merit List** on the college website and physical notice board before conducting the counseling rounds.
- **Instant System Update:** Immediately after a seat is allocated and accepted, the college will instantly upload and confirm the admission details onto the official online CAP portal.

### 4. Mandatory Statutory Warning

- **Anti-Fraud Advisory:** The CET Cell explicitly cautions parents and students against private consultants, agents, or middle-men claiming to guarantee seats through unauthorized channels. **No third-party intermediaries are authorized to handle admissions.**
- **Information Verification:** Candidates must rely strictly on information published on the official college website or the Official Maha CET Portal. The college bears no responsibility for misleading claims made via private counseling services or unofficial links.
